

addition, OWCP will recognize only certain types of individuals (see § 30.601). For the purposes of paragraph (b) of this section, a "representative" does not include a person who only has a power of attorney to act on behalf of a claimant.

(c) A properly appointed representative who is recognized by OWCP may make a request or give direction to OWCP regarding the claims process, including a hearing. This authority includes presenting or eliciting evidence, making arguments on facts or the law, and obtaining information from the case file, to the same extent as the claimant.

(1) Any notice requirement contained in this part or EEOICPA is fully satisfied if served on the representative, and has the same force and effect as if sent to the claimant.

(2) A representative does not have authority to sign the Form EN-20, described in § 30.505(c) of these regulations, which collects information necessary for issuance of a compensation payment.

**§ 30.601 Who may serve as a representative?**

A claimant may authorize any individual to represent him or her in regard to a claim under EEOICPA, unless that individual's service as a representative would violate any applicable provision of law (such as 18 U.S.C. 205 and 208). A federal employee may act as a representative only:

(a) On behalf of immediate family members, defined as a spouse, children, parents, and siblings of the representative, provided no fee or gratuity is charged; or

(b) While acting as a union representative, defined as any officially sanctioned union official, and no fee or gratuity is charged.

**§ 30.602 Who is responsible for paying the representative's fee?**

A representative may charge the claimant a fee for services and for costs associated with the representation before OWCP. The claimant is solely responsible for paying the fee and other costs. OWCP will not reimburse the claimant, nor is it in any way liable for the amount of the fee and costs.

**§ 30.603 Are there any limitations on what the representative may charge the claimant for his or her services?**

(a) Notwithstanding any contract, the representative may not receive, for services rendered in connection with a claim pending before OWCP, more than the percentages of the lump-sum payment made to the claimant set out in paragraph (b) of this section.

(b) The percentages referred to in paragraph (a) of this section are:

(1) 2 percent for the filing of an initial claim with OWCP, provided that the representative was retained prior to the filing of the initial claim; plus

(2) 10 percent of the difference between the lump-sum payment made to the claimant and the amount proposed in the recommended decision with respect to objections to a recommended decision.

(c)(1) Any representative who violates this section shall be fined not more than \$5,000.

(2) The authority to prosecute violations of this limitation lies with the Department of Justice.

(d) The fee limitations described in this section shall not apply with respect to representative services that are rendered in connection with a petition filed with a U.S. District Court seeking review of an OWCP decision that is final pursuant to § 30.316(d), or with respect to any subsequent appeal in such a proceeding.

**THIRD PARTY LIABILITY**

**§ 30.605 What rights does the United States have upon payment of compensation under EEOICPA?**

If an occupational illness or covered illness for which compensation is payable under EEOICPA is caused, wholly or partially, by someone other than a federal employee acting within the scope of his or her employment, a DOE contractor or subcontractor, a beryllium vendor, an atomic weapons employer or a RECA section 5 mine or mill, the United States is subrogated for the full amount of any payment of compensation under EEOICPA to any right or claim that the individual to whom the payment was made may have

## § 30.606

against any person or entity on account of such occupational illness or covered illness.

### **§ 30.606 Under what circumstances must a recovery of money or other property in connection with an illness for which benefits are payable under EEOICPA be reported to OWCP?**

Any person who has filed an EEOICPA claim that has been accepted by OWCP (whether or not compensation has been paid), or who has received EEOICPA benefits in connection with a claim filed by another, is required to notify OWCP of the receipt of money or other property as a result of a settlement or judgment in connection with the circumstances of that claim.

### **§ 30.607 How is a structured settlement (that is, a settlement providing for receipt of funds over a specified period of time) treated for purposes of reporting the recovery?**

In this situation, the recovery to be reported is the present value of the right to receive all of the payments included in the structured settlement, allocated in the case of multiple recipients in the same manner as single payment recoveries.

### **§ 30.608 How does the United States calculate the amount to which it is subrogated?**

The subrogated amount of a specific claim consists of the total money paid by OWCP from the Energy Employees Occupational Illness Compensation Fund with respect to that claim to or on behalf of a covered Part B employee, a covered Part E employee or an eligible surviving beneficiary, less charges for any medical file review (*i.e.*, the physician did not examine the employee) done at the request of OWCP. Charges for medical examinations also may be subtracted if the covered Part B employee, covered Part E employee or an eligible surviving beneficiary establishes that the examinations were required to be made available to the covered Part B employee or covered Part E employee under a statute other than EEOICPA.

## 20 CFR Ch. I (4–1–12 Edition)

### **§ 30.609 Is a settlement or judgment received as a result of allegations of medical malpractice in treating an illness covered by EEOICPA a recovery that must be reported to OWCP?**

Since an injury caused by medical malpractice in treating an occupational illness or covered illness compensable under EEOICPA is also covered under EEOICPA, any recovery in a suit alleging such an injury is treated as a recovery that must be reported to OWCP.

### **§ 30.610 Are payments to a covered Part B employee, a covered Part E employee or an eligible surviving beneficiary as a result of an insurance policy which the employee or eligible surviving beneficiary has purchased a recovery that must be reported to OWCP?**

Since payments received by a covered Part B employee, a covered Part E employee or an eligible surviving beneficiary pursuant to an insurance policy purchased by someone other than a liable third party are not payments in satisfaction of liability for causing an occupational illness or covered illness compensable under the Act, they are not considered a recovery that must be reported to OWCP.

### **§ 30.611 If a settlement or judgment is received for more than one medical condition, can the amount paid on a single EEOICPA claim be attributed to different conditions for purposes of calculating the amount to which the United States is subrogated?**

(a) All medical conditions accepted by OWCP in connection with a single claim are treated as the same illness for the purpose of computing the amount which the United States is entitled to offset in connection with the receipt of a recovery from a third party, except that an injury caused by medical malpractice in treating an illness covered under EEOICPA will be treated as a separate injury.

(b) If an illness covered under EEOICPA is caused under circumstances creating a legal liability in more than one person, other than the United States, a DOE contractor or subcontractor, a beryllium vendor or an atomic weapons employer, to pay
